

Alhambra-Grantfork Telephone Company
Eligible Telecommunications Carrier Services

Alhambra-Grantfork Telephone Company proudly offers services and functionalities designed to exceed the Federal Communication Commission's (FCC) requirements as stated in C.F.R. § 54.101, including

- Single party service, including local usage
- Access to interexchange service through the public switched network
- Dual tone multi-frequency signaling
- Access to emergency services
- Access to operator services and directory assistance services
- Toll limitation for qualifying low-income consumers

The current rates and charges for the above-listed services and functionalities can be found in the tariffs on file at the appropriate governing agencies and are subject to change upon proper notice. *(See National Exchange Carrier Association (NECA) Tariff Number 5 on file with the FCC and Alhambra-Grantfork Telephone Company Tariff Number 14 on file with the Illinois Commerce Commission (ICC).)*
